

AMENDED IN ASSEMBLY APRIL 22, 2010

AMENDED IN ASSEMBLY MARCH 18, 2010

CALIFORNIA LEGISLATURE—2009–10 REGULAR SESSION

ASSEMBLY BILL

No. 2114

Introduced by Assembly Member Beall

February 18, 2010

An act to amend Sections 9100 and 9400 of, and to add Section 9009 to, the Welfare and Institutions Code, relating to aging.

LEGISLATIVE COUNSEL'S DIGEST

AB 2114, as amended, Beall. Aging: Elder Economic Security Standard Index.

Existing law, the Mello-Granlund Older Californians Act, creates the California Department of Aging, with prescribed duties, including the development of the state plan on aging.

This bill would require, if specified conditions are met, the department to report data from the Elder Economic Security Standard Index (Elder Index), as defined, for each service area included in the state plan.

Existing law establishes area agencies on aging with specified duties, including creation of a plan for the agencies, planning and service area that considers available data and population trends, assesses the need for services, identifies sources of funding for services, and develops and implements a plan for the delivery of services based on the need.

This bill would also require, if specified conditions are met, that the plan utilize the Elder Index, specify the cost of meeting basic needs for elders in each planning and service area, and identify which elders are living at or below the Elder Index.

Existing law, the federal Older Americans Act, provides for various programs, including the Senior Community Service Employment Program (SCSEP), an employment and training program for employed, low-income seniors. This program is locally administered by area agencies on aging.

This bill would require, if specified conditions are met, that the area agencies on aging use the Elder Index to track state-administered SCSEP participants progress toward economic sustainability.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. This act shall be known, and may be cited, as the
2 Elder Economic Dignity Act of 2010.

3 SEC. 2. Section 9009 is added to the Welfare and Institutions
4 Code, to read:

5 9009. “Elder Economic Security Standard Index” means an
6 index, *available on the Internet*, that quantifies the costs that elders
7 face in meeting their basic needs, including, but not limited to,
8 food, shelter, health care, transportation, utilities, and essential
9 household items, in the private market. ~~It is derived by applying~~
10 ~~the existing publicly available methodology, developed by Wider~~
11 ~~Opportunities for Women and the Gerontology Institute at the~~
12 ~~University of Massachusetts, Boston, to updated by the University~~
13 ~~of California, Los Angeles Center for Health Policy Research,~~
14 *using publicly available data sources on the costs to live in each*
15 *county of the state.*

16 SEC. 3. Section 9100 of the Welfare and Institutions Code is
17 amended to read:

18 9100. (a) There is in the Health and Welfare Agency the
19 California Department of Aging.

20 (b) The department’s mission shall be to provide leadership to
21 the area agencies on aging in developing systems of home- and
22 community-based services that maintain individuals in their own
23 homes or least restrictive homelike environments.

24 (c) (1) In fulfilling its mission, the department shall develop
25 minimum standards for service delivery to ensure that its programs
26 meet consumer needs, operate in a cost-effective manner, and
27 preserve the independence and dignity of aging Californians. In

1 accomplishing its mission, the department shall consider available
2 data and population trends in developing programs and policies,
3 collaborate with area agencies on aging, the commission, and other
4 state and local agencies, and consider the views of advocates,
5 consumers and their families, and service providers.

6 (2) The department shall also report the Elder Economic Security
7 Standard Index data for each service area in its state plan. The
8 requirements of this paragraph shall only be implemented if the
9 Elder Economic Security Standard Index is updated and made
10 available to the department.

11 (d) The minimum standards for its programs shall ensure that
12 the system meets all of the following requirements:

13 (1) Have the flexibility to respond to the needs of ~~individuals~~,
14 *individuals and* their families, and caregivers.

15 (2) Provide for consumer choice and self-determination.

16 (3) Enable consumers to be involved in designing and
17 monitoring the system.

18 (4) Be equally accessible to diverse populations regardless of
19 income, consistent with existing state and federal law.

20 (5) Have consistent statewide policy, with local control and
21 implementation.

22 (6) Include preventive services and home- and community-based
23 support.

24 (7) Have cost containment and fiscal incentives consistent with
25 the delivery of appropriate services at the appropriate level.

26 SEC. 4. Section 9400 of the Welfare and Institutions Code is
27 amended to read:

28 9400. (a) The Legislature hereby declares and recognizes the
29 area agencies on aging to be the local units on aging in California
30 that are supported from an array of sources, including federal
31 funding largely through the federal Older Americans Act (42
32 U.S.C. Sec. 3001, et seq.), state and local government assistance,
33 the private sector, and individual contributions for services.

34 (b) Area agencies on aging shall operate in compliance with the
35 Older Americans Act and applicable regulations.

36 (c) Each area agency on aging shall maintain a professional
37 staff that is supplemented by volunteers, governed by a board of
38 directors or elected officials, and whose activities are reviewed by
39 an advisory council consisting primarily of older individuals from
40 the community.

(d) (1) Each area agency on aging shall create a plan that considers available data and population trends, assesses the needs for services provided under this division reflective of the community needs, identifies sources for funding those services, and develops and implements a plan for delivery of those services based on those needs. Each plan shall include developing area home- and community-based systems of care that maintain individuals in their own homes or least restrictive environment, providing better access to these services through information and referral, outreach, and transportation, and advocating for the elderly on local, state, and national levels.

(2) Each plan shall use the Elder Economic Security Standard Index, specify the costs of meeting basic needs for elders in each planning and service area, and identify which elders are living at or below the Elder Economic Security Standard Index. The requirements of this paragraph shall be implemented only if the Elder Economic Security Standard Index is updated and made available to the area agencies on aging.

(e) Area agencies on aging shall function as the community link at the local level for development of home- and community-based services provided under the department's programs.

(f) The area agencies on aging shall implement subdivision (b) of Section 9100 at the local level, with particular emphasis on coordinating with the local systems to enable individuals to live out their lives with maximum independence and dignity in their own homes and communities through the development of comprehensive and coordinated systems of home- and community-based care. Nothing in this division shall preclude local determination and designation of service coordinators other than area agencies on aging, for development and implementation of the long-term care integration pilot projects set forth in Article 4.05 (commencing with Section 14139.05) of Chapter 7 of Part 3 of Division 9.

(g) In fulfilling their mission, area agencies on aging shall build upon the resources and the commitment unique to each community and shall be guided by a 10-point description of a community-based system that shall do all of the following:

(1) Have a visible focal point of contact where anyone can go or call for help, information, or referral on any aging issue.

(2) Provide a range of service options.

1 (3) Ensure that these options are readily accessible to all older
2 individuals, whether independent, semi-independent, or totally
3 dependent, no matter what their income.

4 (4) Include a commitment of public, private, and voluntary
5 resources committed to supporting the system.

6 (5) Involve collaborative decisionmaking among public, private,
7 voluntary, religious, and fraternal organizations, as well as older
8 individuals and consumers in the community.

9 (6) Offer special help or targeted resources for the most
10 vulnerable older individuals, those in danger of losing their
11 independence.

12 (7) Provide effective referral from agency to agency to ensure
13 that information or assistance is received, no matter how or where
14 contact is made in the community.

15 (8) Evidence sufficient flexibility to respond with appropriate
16 individualized assistance, especially for the vulnerable older
17 individuals.

18 (9) Have a unique character that is tailored to the specific nature
19 of the community.

20 (10) Be directed by leaders in the community who have the
21 respect, capacity, and authority necessary to convene all interested
22 persons to assess needs, design solutions, track overall success,
23 stimulate change, and plan community responses for the present
24 and for the future.

25 (h) The area agencies on aging shall use the Elder Economic
26 Security Standard Index to track the progress of participants in the
27 state-administered Senior and Community Service Employment
28 Program. The requirements of this subdivision shall only be
29 implemented if the Elder Economic Security Standard Index is
30 updated and made available to the area agencies on aging.

31 SEC. 5. Nothing in this act shall be construed to mandate
32 changes in the current funding allocations to area agencies on aging
33 made pursuant to subparagraph (A) of paragraph (2) of subdivision
34 (b) of Section 9112 of the Welfare and Institutions Code.

35 SEC. 6. Nothing in this act shall be construed, based on the
36 use of the Elder Economic Security Standard Index, to affect
37 means-tested programs administered through the Mello-Granlund
38 Older Californians Act.

O
